

# Jake Januszanis

## Software Developer

619-961-3979 | [jjanuszanis94@gmail.com](mailto:jjanuszanis94@gmail.com) | [Portfolio](#) | [GitHub](#)

---

## Skills

**Frontend:** HTML, CSS, SASS, JavaScript, TypeScript, React, React Native, Gatsby

**Backend:** Node.js, Express, MongoDB, Mongoose, Heroku

**Other:** Git, RESTful APIs, Figma, Adobe Lightroom

---

## Relevant Experience

### GoodBlock Technologies | Contract

React Developer | September 2021 - Present

*As a developer at GoodBlock, I was assigned to the dStor project to improve the frontend UI/UX.*

- Tech Stack: React, TypeScript, SASS, Bootstrap/Reactstrap
  - Updated typography on forms to allow for better visual hierarchy and control user focus on targeted content
  - Modified form functionality to control the content displayed based upon user progress
- 

## Personal Projects

### Flingo Movie App

Links: [Frontend Source Code](#) [Backend Source Code](#)

- Mobile app developed to increase efficiency while searching for new movies to watch
- Identified and integrated popular UI/UX trends to enhance user experience
- Built with the following technologies: *React Native, Node.js, Express, Heroku, REST API*

### Gatsby Portfolio

Links: [Live Site](#) [Source Code](#)

- Personal portfolio redesigned with Gatsby and SASS
- Modified design to ensure webpage is fully responsive across all screen types
- Achieved a GTmetrix performance score of 100% by incorporating modern web best practices to optimize initial load time

### React Weather App

Links: [Live Site](#) [Source Code](#)

- React app that interacts with third-party API using RESTful web services to retrieve specific location weather data
  - Assembled backend Node.js server to increase security while interacting with RESTful API
  - Updated ES6+ syntax including React hooks and JavaScript Async/Await promises to optimize performance
- 

## Additional Experience

### Recess Beer Garden | Denver, CO

Server | June 2020 - September 2021

- Consistently generated over \$2,500 in total sales
- Dealt with a diverse customer base in a fast-paced environment

## Education

- [Freecodecamp.org](https://www.freecodecamp.org)
- *The Complete 2020 Web Development Bootcamp* - Dr. Angela Yu (Udemy)
- *Advanced CSS and Sass* - Jonas Schmedtmann (Udemy)
