Jake Januszanis

Front-End Developer

Denver, CO
Phone: (619)-961-3979 | Email: jjanuszanis94@gmail.com
Portfolio: jakejanuszanis.com | Github: https://github.com/Jake-Januszanis/

Summary

Front-End Developer with over 2 years of experience. Well-versed in frontend technologies including Html, CSS, JavaScript, and React. Currently located in Denver, CO but willing to relocate for job opportunities.

Skills

Frontend: HTML5, CSS3, SASS, Tailwind CSS, JavaScript, EJS, React, React Native, Gatsby

Backend: NodeJS, Express, MongoDB, Mongoose

Other: Git, AJAX, Heroku, Netlify, Adobe Lightroom, Figma

Projects

Recess Tip Pool: https://github.com/Jake-Januszanis/server-tipout-app
- Currently building an app that will help servers keep track of daily tip out at the end of each shift
- Users will input their sales and a list of employees to be tipped out and the app will return a breakdown of how much money each employee will get
- This app is being built using React Native and will be deployed to the Andriod store within the next couple of weeks

Weather App: https://github.com/Jake-Januszanis/react-weather
- Web app built using React for frontend and uses Express.js server on the backend to complete API calls and retrieve data
- App displays both the current forecast or a 5 day extended forecast for the user
- Code written using updated syntax including React hooks and JavaScript ES6 Async/Await functions to improve performance

Pomodoro Timer: https://github.com/Jake-Januszanis/pomodoro-timer
- Pomodoro timer built using HTML, SASS, JavaScript, and MongoDB
- App features register/login page with validation and hashed password security
- Users can save daily progress to the database in order to improve study time performance by comparing data from past dates

Gatsby Portfolio: https://github.com/Jake-Januszanis/portfolio-v3
- My personal portfolio built using Gatsby, React, and Sass to showcase projects
- Designed for desktop but is fully responsive for all screen types
- BEM naming convention used within code for improved readability

Work Experience

Server

Recess Beer Garden, Denver, CO

June 2020-Present
- Independently managed sections of 8 or more tables with up to 10 guests per table
- Maintained positive attitude during dinner rushes in high volume setting
- Handled customer complaints by working with management to find the best solution to satisfy customer

Personal Achievements

- Successfully planned and achieved the Triple Crown of Hiking which entails hiking the entirety of the Appalachian Trail (2,187 miles), Pacific Crest Trail (2,653 miles), and Continental Divide Trail (~2,800 miles) within 5 years (2014-2019).
